**VISION**  
A healthy communal in a peaceful environment enjoying a fine quality of life under a credible, more efficient, more effective dedicated health promoter with a strong foundation focused on the delivery of health.

**MISSION**  
To provide quality primary health care services in a successful community, and to continually motivate and educate the entire constituents with health information aligned with the current social, economic and health programs.  
To work in partnership with the LGU, GO, NGO's on health concerns for a comprehensive delivery of health care services.
