# CONCLUSION

THE HEALTH CARE PROJECT IN YACHIHO VILLAGE IN NAGANO, JAPAN THAT WAS DEVELOPED BY DR. TOSHIKAZU WAKATSUKI IS PROVEN TO BE AN INSPIRATION AND A POSSIBILITY IN KAPANGAN, BENGUET AND PARACELIS, MT. PROVINCE.

THOUGH WITH LIMITED RESOURCES, SUCH ENDEAVOR CAN BE IMPLEMENTED WITH APPROPRIATE MODIFICATIONS TO SUIT THE AREA AND WITH THE STRONG PARTNERSHIP OR COLLABORATION BETWEEN AGRICULTURAL COOPERATIVES, RURAL HEALTH SERVICE PROVIDERS, LOCAL GOVERNMENT UNITS AND OTHER GOVERNMENT AND NON-GOVERNMENT ORGANIZATIONS
